			2628	
SHORTENED STATUTORY PERIOD OF RESPONSE		MAIL DATE	DELIVERY MODE	
30 DAYS		04/25/2007	PAPER	

**Please find below and/or attached an Office communication concerning this application or proceeding.**

If NO period for reply is specified above, the maximum statutory period will apply and will expire 6 MONTHS from the mailing date of this communication.

### **Response to Amendment**

1. The reply filed on 2/12/2007 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): The amendment filed on 02/12/2007 fails to comply with 37 CFR 1.121 and the previous office letter mailed on 1/16/2007 for the following reasons:

- A.) Claims 47-49 depend upon cancelled claim 31;
- B.) Claim 1 at line 12 "image transmission portions" should be "the image transmission portions" since "image transmission portions" are previously presented in the claim;
- C.) Claim 2 at line 2 "image transmission portions" should be "the image transmission portions" since "image transmission portions" are previously presented in the parent claim in the newly added simulation browser limitations;
- D.) Claim 6 at line 3 "the at least one priority" needs to be changed because "at least one priority" was not previously presented in the amended parent claims;
- E.) Claim 8 at step d) has the same issue that claim 1 has;
- F.) Claim 12 at line 3 has the same issue that claim 6 has;
- G.) Claim 14 at line 9 has the same issue that claim 1 has;
- H.) Claim 15 appears to change the recordable media of claim 12 into a signal media;
- I.) Claim 21 at lines 3-4 has the same issue that claim 6 has;
- J.) Claim 23 at line 13 has the same issue that claim 1 has;
- K.) Claim 24 has the same issue that claim 15 has;

- L) Claim 29 at lines 3-4 has the same issue that claim 6 has;
- M) Claim 35 in step b)i) "a image transmission portion" should refer to one of the previously claimed " image transmission portions" and similarly in step A "an image transmission portion" should refer to one of the previously claimed "image transmission portions"; and
- N) Claim 40 at line 3 has the same issue that claim 6 has.

See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The book by Microsoft Press titled "Microsoft FrontPage 97 Step by Step" dated 1997 is cited as being of interest because the user may after creating a web page preview a web page's displayed appearance by clicking on the Preview in Browser button. Inherently the preview browser will add delays during the display of the web page due to inherent processing delays.

Art Unit: 2628

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jeffery A Brier whose telephone number is (571) 272-7656. The examiner can normally be reached on M-F from 7:30 to 4:00. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael Razavi, can be reached at (571) 272-7664. The fax phone Number for the organization where this application or proceeding is assigned is 571-273-8300.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).

  
Jeffery A Brier  
Primary Examiner  
Division 2628
